Civil works

....

Main stakes for Orange France

**a strategic
project
for Net Zero
Carbon**

**10 millions
operations
a year**

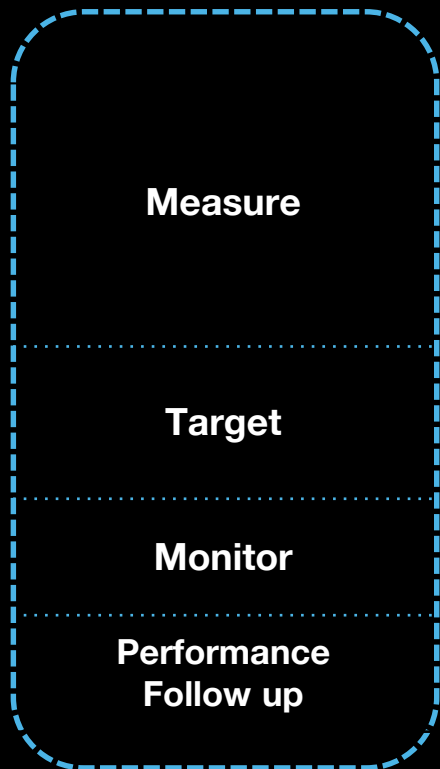

transformation

**common
mobilization
expectation**

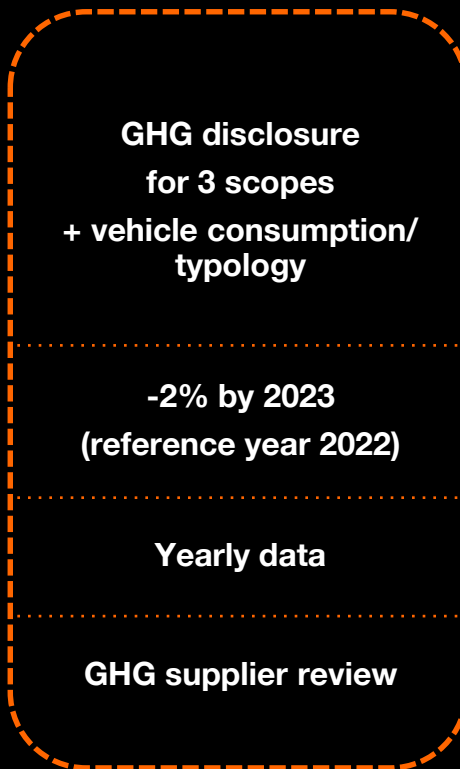

**matching
stakeholders
and customers
expectations**

GHG integration in sourcing

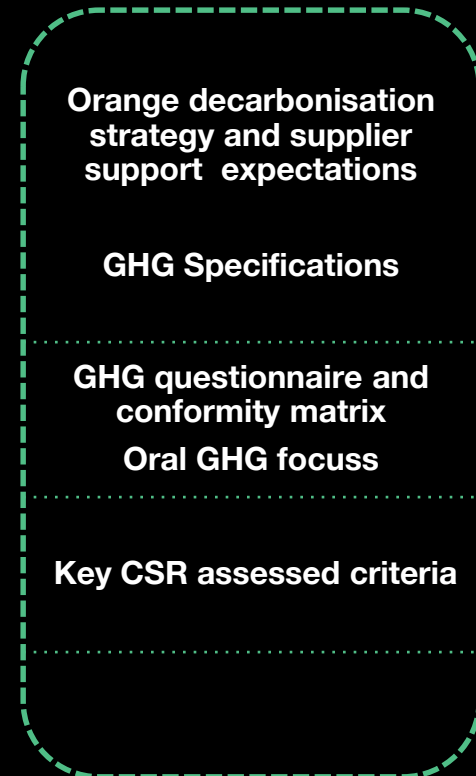

4 key points
to address

Defined concrete
requirements

in RFP

GHG supplier's follow up in contract life

**Performance
Review**

Action Plan

Innovation

Benchmark

Lessons learnt from the pilot

Synergy

Progress

Capitalization & reuse

**Together, we need to interact to tackle
the crucial GHG reduction challenge**
